About our artists:

The **Houston Balalaika Orchestra** was founded in 1976. Currently under the direction of Pam Bingham, the orchestra performs throughout the Houston area an impressive repertoire of folk and semi-classical music from Russia and Eastern Europe, as well as the occasional popular or secular tune. The fire and grace of this unique music is always impressive, and leaves many audiences wondering how they missed being a fan of this incredible music for so long.

The **Kosher Klezmer Band** came together about 10 years ago, with members from several countries, including Israel, Bulgaria, Russia, Latvia, and yes, even Texas, to share their love of Klezmer music. The band performs traditional music from Eastern Europe, America, and Israel, and travels throughout Texas and the U.S. for weddings, Bar/Bat Mitzvahs, festivals, and private parties. They have a CD coming out soon. Reserve your copy by contacting pam@kosherklezmerband.com.

The **Merritt String Quartet** is a group of established Houston area musicians including Bill Tackett (violin), Christina LeBlanc (violin), Dr. Kenneth Holmes (viola), and HBO member Marissa Merritt (cello). They will perform an assortment of traditional Russian, Jewish and tango pieces.

Second Saturday Concert is presented by the **Houston Folklore and Music Society**, a non-profit organization dedicated to the preservation of folklore and acoustic music. Light snacks and refreshments are available for purchase. Tickets sold at the door (cash or check only) - adults \$18, seniors (65) and students \$14, children under 12 free. All profits go to the artists. Concerts are held the second Saturdays of each month (summers and December off) in the West University Community Building at 6104 Auden (intersection of Auden. and Rice Blvd.) Contact Carolyn Davis (281-240-9797) for more concert information or visit our website at: www.houstonfolkmusic.org.

OCTOBER FEATURED SONG by Paul Cooper
IT STUNG LOTS WORSE THAN A HIVE OF BEES

This is one of the "orphan" lyrics Woody Guthrie wrote towards the end of his life when he was too sick with Huntington's Chorea to play the guitar, so he could not compose music. In 1998, Woody's daughter Nora commissioned Billy Bragg and the band Wilco to compose and record music for some of these lyrics. This version is from **Across The Water's** second CD, **Waterproof**. You can hear it on the HFMS Audio Archive page at http://www.houstonfolkmusic.org/HFS_Audio_Archive.html. Capo IV to play along with the recording.

WAY OVER YONDER IN THE MINOR KEY

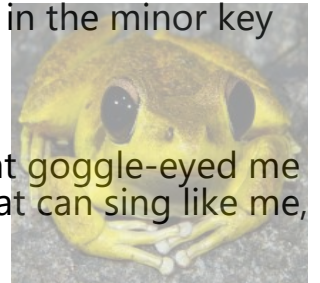

by Woody Guthrie

G I live in a place called Okfuskee **C** And I had a little girl in a hollow tree. **G**
C I said, little girl it's plain to see **G** Ain't nobody that can sing like me;
D Ain't nobody that can sing like me. **Em**
G She said, it's hard for me to see **C** How one little boy got so ugly. **G**
C Yes, my little girlie, well that might be, **G** But there ain't nobody that can sing like me
D Ain't nobody that can sing like me. **Em**

REFRAIN **C** Way over yonder in the minor key **G D** Way over yonder in the minor key **Em**
D There ain't nobody that can sing like me. **Em**

We walked down by the buckeye creek To see that froggy that goggle-eyed me
 To hear that west wind whistle to the east There ain't nobody that can sing like me,
 Ain't nobody that can sing like me.

Oh, my little girlie will you let me see Way over yonder where the wind blows free.
 Nobody can see in our hollow tree, And there ain't nobody that can sing like me,
 Ain't nobody that can sing like me. **REFRAIN**

Her Momma cut a switch from a cherry tree, And laid it on to she and me.
 It stung lots worse than a hive of bees. But there ain't nobody that can sing like me,
 Ain't nobody that can sing like me.

Now I have walked a long, long ways, Still look back to my tanglewood days.
 I've led lots of girls since then to stray, Sayin ain't nobody that can sing like me,
 Ain't nobody that can sing like me. **REFRAIN x2**

Ain't nobody that can sing like me.

I GOT A BIRD THAT WHISTLES, I GOT A BIRD THAT SINGS...

by Andy Longo

An expecting human mother may caress her belly and sing to her unborn child because of the love she has for her baby. Birds sing to their eggs, and for various reasons. In the case of birds that lay eggs of precocious hatchlings, born with their eyes open and covered in down that are able to move about, this is part of imprinting. The hatchlings can fend for themselves provided they keep close to their mother. In the case of birds that lay eggs of altricial hatchlings, born with their eyes closed and very helpless, there are other reasons. For Zebra finches, the songs of the mother heard within the egg,

prepares the hatchling for the seasonal temperature. This change is important when ambient temperatures are running high. For Fairy wren, it provides a life saving defense. The Fairy wren mother teaches her hatchlings by singing the call they need to learn for feeding time.

The Cuckoo, a parasitic bird, will lay its egg in another species nest. When the Cuckoo egg hatches, it is usually much larger than the native hatchling and will instinctively push the native bird out of the nest, and consequently be raised alone by the unsuspecting mother bird. However, the Fairy wren will only feed the hatchlings that sing her song and thusly the parasitic hatchling will perish and not be a threat to her hatchlings.

Zen Moments

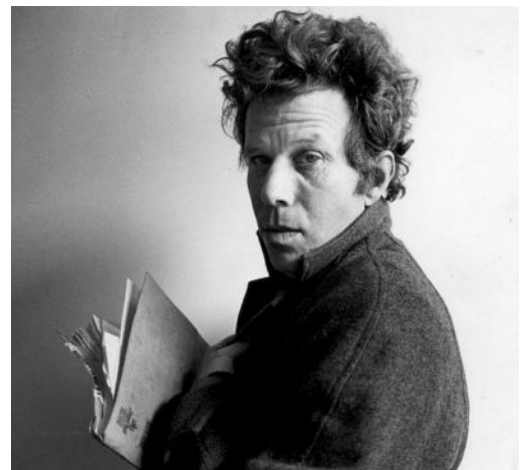

by Andy Longo

Tom Waits, the songwriter, expresses this thought in *Come On Up to the House*

**“The only things you can see
is all that you lack”**

Max Lucado, a minister, expanded on this

**“Gratitude lifts our eyes off the
things we lack so we might see
the blessings we possess.”**
